The call for applications to fill 10 Full professor vacancies – tenured posts – by a call in accordance with Article 18, paragraph 1 of Law 240/2010, is hereby announced as referred to in the annex to this call for applications (“Annex 1”).

### Art. 2

#### Subjective requirements to participate in the selection

1. The selection procedure is open to:
  - a. candidates who have obtained a national qualification in accordance with Article 16 of Law 240/2010 for the competition sector merged into the subject group to which the call for applications refers and for the functions to which the procedure refers, or for higher functions provided they do not already perform those higher functions;
  - b. candidates who are eligible pursuant to Law 210/1998 for the category to which the call for applications refers, solely for the period of eligibility;
  - c. professors already employed by a different University in the category to which the call for applications refers;
  - d. academics with permanent employment abroad, performing research or teaching activities at the university level in positions that are equivalent to those to which the call for applications refers, as determined by reference to the tables of equivalence issued by the Italian Ministry of University and Research (hereinafter the MUR) in Ministerial Decree no. 456 dated 10 May 2023. The University may obtain the Ministry’s opinion on the equivalence of the candidate’s role as declared with Italian academic positions. The Ministry shall express an opinion within 60 days of the University’s request. In cases where the Ministry’s opinion needs to be obtained, the candidate shall be admitted to the procedure on a conditional basis.
  
2. Applicants who, at the time of submitting their application, have a degree of kinship or affinity up to and including the fourth degree with a professor of the Department that seeks to fill a vacancy or of the entity making the call or with the Rector, the Director General or a member of

the Board of Governors of the University, may not take part in the selection.

3. If the procedure provides for the performance of clinical care activities as an integral part of the teaching and research activities, the candidate must confirm that they meet the additional requirements pursuant to the applicable agreement. Said requirements are indicated in the relevant job description. The requirements pursuant to the applicable agreement must be met by the deadline for submitting applications. In the event that the requirements for performing clinical care activities include a degree and a specialisation degree, and one or both of them were obtained abroad, the candidate must indicate in their curriculum vitae that they have obtained the statement of equivalence pursuant to Article 38, paragraph 3 of Legislative Decree 165/2001. Candidates who held a tenured position as at 01/02/1998 are exempt from the requirement to hold a specialisation degree in the discipline they were already teaching as tenured professors on that date (Article 56, paragraph 2 of Presidential Decree no. 483 dated 10 December 1997). When completing their online application, candidates who are exempt from the requirement to hold a specialisation degree must write “exempt pursuant to Article 56, paragraph 2 of Presidential Decree no. 483 dated 10/12/1997”, in the “Specialisation” field, and indicate the date as of which they have held the tenured position entitling them to the exemption, in the “Specialisation awarded on” field.
4. The candidate must meet the requirements provided for by this article by the deadline for submitting applications. Any subsequent changes affecting the requirements for participation must be notified promptly to the Ufficio Concorsi Docenti.
5. Candidates are accepted on a provisional basis. By reasoned decision, the Rector may exclude applicants from the procedure at any time for failing to meet the relevant requirements.

### **Art. 3**

#### **Online application**

1. Applications to participate in the selection, together with the qualifications held and the documents and publications considered useful for the procedure, **must be submitted online, under penalty of exclusion**, using the dedicated IT application available at the following link:

<https://pica.cineca.it/unibo/ordc1settembre2024/>

2. **This is the only valid method to submit applications and the documents considered useful to participate in the selection procedure.**

3. Participation in the selection is only possible after self-registering with the system using an email account, which does not need to be a certified email account.
4. The candidate must enter all the information required to prepare the application and attach the related documents in PDF format. The application form must be completed in full, as specified by the online procedure.
5. The online application allows the documents in draft mode to be saved up until the deadline for submitting the application. Please note: The “draft” status does not indicate submission of the application. In order to confirm that they wish to proceed with the application, candidates must ensure that the status of their application is “submitted”. Therefore, only applications showing the “submitted” status by the relevant deadline will be considered for the purpose of participating in the procedure and consequently sent to the Committee to be assessed. The date of online submission of the application is certified by the IT system, which issues a receipt that is sent automatically to the candidate via email upon submission of the application.
6. After completing the application and adding all the relevant attachments, the candidate must ensure that they click on “submit”. Completion of the application process will be indicated by the change in the application status, which will switch from “draft” to “submitted”. On completing the application process, the candidate will receive an automatic email confirming submission of their application.
- 7. After the deadline for submitting the application, the system will no longer allow the electronic form to be accessed or submitted.**
8. The application must be prepared and submitted online **by and no later than 11.59 p.m., Italian time, on the thirtieth day following that of publication of the call for applications in the Italian Official Gazette – IV special series – Competitions and examinations**.
