**Art. 3**  
**Submission of applications to participate**

Applications to participate in the selection, together with the qualifications held and the documents and publications considered useful for the procedure, **must be submitted online, subject otherwise to exclusion**, using the dedicated IT application available at the following link:

<https://pica.cineca.it/unibo/dr1619-25112020>

The IT application requires the candidate to have an email address for the purpose of self-registration with the system. The candidate must input all the information required to prepare the application and must attach the related documents in PDF format.

The application form must be completed in full, as specified by the online procedure.

**Applications and the documents needed to participate in the selection procedure cannot be accepted in any other manner.**

The IT application allows the documents entered in draft mode to be saved up until the deadline for submitting the application.

The date of online submission of the application to participate in the selection procedure is certified by the IT system, which issues a receipt that is sent automatically to the candidate by email upon submission of the application.

Once the application is completed and all the attachments have been added, the candidate must ensure that they click on "submit". Completion of the application process will be indicated by the change in the application status which will show as "submitted" rather than in "draft" mode. On

completing the application procedure, the candidate will receive an automatic email confirming submission of their application.

The “draft” status does not indicate submission of the application. In order to confirm that they wish to proceed with the application, candidates must ensure that the status of their application shows it has been “submitted”. Therefore, only applications showing the “submitted” status by the established submission deadlines will be considered as applications to participate in the procedure and consequently sent to the committee for consideration.

**Following the submission deadline, the system will no longer allow the electronic form to be accessed or sent.**

Each application will be assigned an identification number that, together with the competition code indicated by the IT application, must be specified in all subsequent communications.

The preparation and on-line submission of the application must be completed **by and no later than 11.59 pm on the thirtieth day following that of publication of the call for applications in the Italian Official Gazette – IVth special series – Competitions and examinations.**

Users can access the Unibo website (<https://bandi.unibo.it/docenti/procedure-chiamata-professori>) to consult a brief “practical guide to completing the application on the PICA platform”.
