OFFICE FOR LECTURESHIP COMPETITIONS

SUBJECT GROUP: CHIM/02 - PHYSICAL CHEMISTRY

Posts: 1 Place of employment: Bologna

Specific functions	Teaching commitment: teaching of course units relating to the competition sector and subject group in accordance with the national regulations for Full Professors and the need to cover the learning catalogue. Scientific commitment: research in areas relevant to the subject group in accordance with the requirements of the ministerial declaration and the specific activities carried out by the Department.
Language	English
Maximum number of eligible publications	12
Assessment standards	
	Teaching activities Available points: 35
Teaching activities	Consideration will be given to the volume and continuity of the activities carried out, with regard in particular to course units and modules for which responsibility was taken.
Supplementary teaching and student service activities	Consideration will be given to the supervision of undergraduate and postgraduate dissertations and PhD theses for which the candidate was the principal supervisor, as well as the conduct of seminars, case studies and the tutoring of students.
	Research and scientific publications Available points: 50
Research activities	The following will be considered: a) organisation, management and coordination of national and international research centres, or participation therein, and other research activities such as the management of, or participation in, the editorial committees of journals; b) national and international awards and recognitions for research activities.
Research activities	Participation as a speaker at congresses and conferences of international interest will also be considered.
Scientific production	Consideration will be given to the overall weight of the candidate's scientific production and its intensity and continuity over time, excluding any adequately documented periods when research activities were involuntarily suspended and other periods of leave or stand-by established by current laws, excluding those allowed for study purposes.
Scientific publications	Consideration will be given to: a) originality, innovative nature, methodological rigour and importance of each publication; b) consistency of each publication; c) scientific importance of the journal in which the publication appears and its readership within the scientific community;

GENERAL ADMINISTRATION
PERSONNEL AREA
OFFICE FOR LECTURESHIP COMPETITIONS

	<p>d) analytical assessment, applying criteria recognised by the relevant international scientific community, of the individual contribution of the researcher to collaborative works, which will be determined based on the scientific consistency of the publication with the curriculum vitae submitted, supported by any indication of the candidate as the author of reference, presentations given at conferences, and awards or recognitions.</p> <p>The Committee will make use of one or more of the following bibliometric indicators, referring to the start date of the assessment:</p> <p>1) total number of citations; 2) average number of citations per publication; 3) total impact factor; 4) average impact factor per publication; 5) combination of the preceding parameters in order to assess the impact of the candidate's scientific productivity (Hirsch or similar index).</p>
	<p style="text-align: center;">Institutional and organisational activities for the University</p> <p>Available points: 15</p>
	<p>Consideration will be given to the volume and continuity of the activities carried out, with regard in particular to management appointments and the commitment made to boards and committees at significant public and private bodies or scientific and cultural organisations, or at the University and/or other Italian and foreign Universities.</p>

CHIMIND - DEPARTMENT OF INDUSTRIAL CHEMISTRY "TOSO MONTANARI"
REF. O18C1II2020/1263
COMPETITION SECTOR: 03/A1 - ANALYTICAL CHEMISTRY
SUBJECT GROUP: CHIM/12 - CHEMISTRY OF THE ENVIRONMENT AND CULTURAL HERITAGE
Posts: 1 Place of employment: Rimini

Specific functions	<p>The professor will be required to teach full time on degree programmes that fall within the CHIM/12 subject group for which the Department is responsible or on other degree programmes with which the Department is involved and/or to which it contributes, with priority given to those delivered at the Rimini campus. The teaching will focus in particular on the chemistry of pollutants, managing and processing waste, environmental technologies and certifications, and assessing the environmental impact of anthropogenic activities. The scientific commitment, which must be demonstrated through the production of scientific results in the sector, will entail developing research in the field of Environmental Chemistry, with a particular focus on evaluating the life cycle of processes and products of the chemical industry,</p>

FILCOM - DEPARTMENT OF PHILOSOPHY AND COMMUNICATION STUDIES
REF. O18C1II2020/1280
COMPETITION SECTOR: 11/C2 - LOGIC, HISTORY AND PHILOSOPHY OF SCIENCE
SUBJECT GROUP: M-FIL/02 - LOGIC AND PHILOSOPHY OF SCIENCE
Posts: 1 Place of employment: Bologna

Specific functions	The Department expects the successful candidate to conduct teaching and research activities in the field of Logic and Philosophy of Science in line with the subject group declaration. On both a theoretical and historical level, the discipline is concerned with the organic links existing between philosophical research and the various branches of scientific knowledge - physics, mathematics, biomedicine and the social sciences. The areas of interest include the theories and models, logic with its specific methods, the logical structure of natural languages, computation and communication, the epistemology, scientific evidence and representation of knowledge, and the conceptual, methodological and foundational questions pertaining to the individual empirical sciences in close relation with their development.
Language	The Committee will assess the English language skills of the candidates based on their teaching and academic qualifications.
Maximum number of eligible publications	12
