ART. 2
Subjective requirements for admission to the procedure.

The procedure is open to:

- a) permanent researchers employed by an Italian university who have obtained a national qualification in accordance with art. 16 of Law 240/2010 for the competition sector or for one of the competition sectors included in the same macro-sector and for the functions addressed by the procedure, or for higher functions provided they do not already hold those higher functions;
- b) permanent researchers employed by an Italian university who are recognised as suitable pursuant to Law 210/1998 for the category addressed by the call for applications, solely for the period covered by the same;

It is not possible to participate in the procedure if, at the time of applying, the applicant is related, up to and including the fourth degree, directly or by marriage, to a professor within the Department that

has requested activation of the post or the structure that has issued the call for applications, or to the Rector, the Director General or a member of the Board of Governors of the University.

If the procedure envisages performing care activities that are an integral part of the teaching and research activities, the candidate must demonstrate, under penalty of exclusion, that he/she meets the subjective requirements to perform said care activities. Said requirements are indicated in the relative job description. The requirements must be met by the deadline for submitting the application. In the event that the requirements for performing care activities include a degree and a postgraduate specialist diploma, and one or both of these was obtained abroad, the candidate must indicate in their curriculum vitae that they have obtained the statement of equivalence pursuant to art. 38, paragraph 3 of Legislative Decree 165/2001.

The candidate must satisfy the admission requirements envisaged in this article on the last date available for submitting applications for admission to the procedure. Any subsequent changes with regard to satisfaction of the admission requirements must be notified promptly to the Office for Lectureship Competitions.

Candidates are admitted on a provisional basis. In a justified measure, the Rector may decide at any time to exclude applicants from the procedure for failing to satisfy the established admission requirements.

Art. 3

Submission of applications to participate

Applications to participate in the selection, together with the qualifications held and the documents and publications considered useful for the procedure, **must be submitted online, subject otherwise to exclusion**, using the dedicated IT application available at the following link:

<https://pica.cineca.it/unibo/psa18dicembre2021/>

The IT application requires the candidate to have an email address for the purpose of self-registration with the system. The candidate must enter all the information required to prepare the application and must attach the related documents in PDF format.

The application form must be completed in full, as specified by the online procedure.

Applications and the documents needed to participate in the selection procedure cannot be accepted in any other manner.

The IT application allows the documents entered in draft mode to be saved up until the deadline for submitting the application.

The date of online submission of the application to participate in the selection procedure is certified by the IT system, which issues a receipt that is sent automatically to the candidate by e-mail upon submission of the application.

Once the application is completed and all the attachments have been added, the candidate must ensure that they click on "submit". Completion of the application process will be indicated by the change in the application status which will show as "submitted" rather than in "draft" mode. On completing the application procedure, the candidate will receive an automatic email confirming submission of their application.

The "draft" status does not indicate submission of the application. In order to confirm that they wish to proceed with the application, candidates must ensure that the status of their application shows it has been "submitted". Therefore, only applications showing the "submitted" status by the established submission deadlines will be considered as applications to participate in the procedure and consequently sent to the committee for consideration.

Following the submission deadline, the system will no longer allow the electronic form to be accessed or presented.

Each application will be assigned an identification number that, together with the competition code indicated by the IT application, must be specified in all subsequent communications.

The preparation and online submission of the application must be completed **by no later than 23:59 on the thirtieth day following that of publication of the call for applications in the Italian Official Gazette – IVth special series – Competitions and examinations.**

Users can access the Unibo website (<https://bandi.unibo.it/docenti/procedure-chiamata-professori>) to consult a brief “practical guide to completing the application on the PICA platform”.
