<b>Specific functions (type of teaching and scientific activity that the successful candidate will be required to carry out)</b>	The required <b>teaching and scientific activities</b> will be carried out in course units and research areas that refer to the L-ART/03 (History of Contemporary Art) subject group at the Bologna campus. Having regard to the teaching activity, consideration will be given to the Department's needs, also in relation to international degree programmes. Having regard to research and scientific activities, consideration will be given to activities in the study of contemporary art, in accordance with the phenomenological methodology and including international visual studies, also in connection with the development of media languages and the new horizons opened up by digital technology.
<b>Language skills in addition to Italian, if any</b>	English
<b>Number of publications to be assessed</b>	12
<b>Assessment standards</b>	
	<b>Teaching activities</b>
<b>Lecturing</b>	For the purposes of assessing teaching activities, consideration will be given to the volume and continuity of teaching activities relevant to the declaration for the Subject Group to which the selection refers. Consideration will be given to the teaching activities carried out by the candidate in the last 10 years.
<b>Supplementary teaching and student support activities</b>	For the purposes of assessing supplementary teaching and student support activities, consideration will be given to activities such as supervision of first-cycle and second-cycle degree dissertations and PhD theses, the conduct of seminars, practical work and tutoring of students.
	<b>Research and scientific publications</b>
<b>Research</b>	For the purposes of assessing research activities, qualitative standards will focus on the following aspects:

Procedure supervisor: Michele Menna | Email address [apos.concorsidocenti@unibo.it](mailto:apos.concorsidocenti@unibo.it) | tel. +39 051 2082033
