ART. 6
Selection committee and procedures

The Committee is appointed pursuant to the instructions contained in arts. 8 and 8-bis of the Regulation governing calls for full and associate professors. The work of the Committee is completed within three months of appointment by the Rector.

The Committee appoints a Chairman and a Secretary who takes the minutes from among its members, conducts its work in the presence of all members and adopts resolutions by an absolute majority of the appointed members. The Committee may use on-line tools to hold meetings.

The selection is made via a comparative assessment, applying predetermined criteria established by the Committee; these criteria must comply with the qualitative standards set out in Title I of the University Regulations and specified in the call for applications. The assessment criteria are published on the University’s website, on the pages dedicated to each procedure. Candidates are only included in the final ranking if they score at least 65 points on completion of the assessment.

The Commission ranks candidates who obtain at least the minimum score indicated above. The ranking is only valid in relation to filling the position addressed by the call for applications. Where there is a tie between two or more candidates, this Administration will request the interested candidates to produce the documentation attesting to any preferential qualifications held and declared when submitting the application. The candidates will be given a period of time within which to submit the documentation attesting to the preferential qualifications held, which will not be less than seven days. If, upon expiry of the above period, the candidate has not submitted said documentation, the Administration will not take into account the preferential qualification indicated in the application when preparing the ranking lists.

The Rector's Decree approving the documents indicated in the following article takes into account the outcome of the verification performed on the preferential certificates.

The teaching test consists in the presentation of a course unit on a topic, relevant to the subject group, drawn at random by the candidate at least 24 hours beforehand. Each candidate draws a block of three topics from among at least three blocks prepared by the Committee. Within the block drawn, the candidate selects the topic to be presented.

The assessment criteria for this test are approved (by the Committee) during the first session and published on the website of the University on the web page dedicated to the selection procedure.

The teaching test will be carried out in Italian or in a foreign language selected by the candidate from among those indicated in the call for applications.

The teaching test is carried out after the Committee has completed allocation of the points as indicated from letters a) to d) of paragraph 2. Only candidates who, after allocation of the points referred to in points a) to d) have a total of at least 60 points, may take the teaching test. The Committee allocates points to the teaching test, formulating also a summary evaluation of the test based on pre-established criteria, and only candidates who are allocated 5 or more points for the test are included in the ranking list.

ART. 8
Completion of the procedure

The selection procedure documents are approved by Rector's Decree within thirty days of their delivery to the office.

Within two months of approval of the documents, the Department that requested coverage of the position adopts a resolution recommending the Board of Governors to call the selected candidate or, in the case of multiple positions, the selected candidates.
