## ORDERS

### Art. 1 – Purpose

A procedure of comparative evaluation by qualifications and public discussion is called for the recruitment of 1 position for Tenured Assistant Professor with a fixed-term full-time employment contract, pursuant to art. 24, paragraph 3, of Law no. 240/2010, Sector competition reference 10/N3 - Central and East Asian Cultures, Scientific sector L-OR/21 - Chinese and South Asian Languages and Literatures.

The job is activated for the needs of research and study of the Department of Modern Languages, Literatures, and Cultures - LILEC of the Alma Mater Studiorum - University of Bologna.

Serving primarily at the Department of Modern Languages, Literatures, and Cultures - LILEC, in Bologna.

The contract shall last six years. A gross annual salary of € 36.840,00 will be granted to the Assistant Professor.

The annual increase in this amount will be calculated according to the existing procedure for non-contracted personnel.

### Art. 2 – Activities to be performed

The contract includes 350 hours of supplementary teaching and assistance to students, for each academic year covered by the contract. The contract shall schedule 60 hours of frontal teaching on annual basis.

Concerning the provisions of art. 11 of the Regulation issued by Rectoral Decree no. 151 of 3<sup>rd</sup> February 2023 and amendments, the assistant professor's activities must be linked to the development of the project: "Literature and society in the contemporary Chinese world".

The project aims at studying the production of contemporary literary texts in Chinese language by placing them across the wider context of deep political, social and economic change, which took place since the early 1980s. Whereas China's economic and geopolitical primacy appears as a well consolidated fact, accompanied and exalted by Party propaganda, the Chinese society is reaping the fruits of a mature capitalist experiment, that involved upheavals in traditional values, as well as in the models implemented in economy and labour. The main objective of the present research is to explore how literary works reflect individual and collective transformations in post-reform Chinese society. Particularly, the study will focus on the representation of women and on their role in the family, framing these themes into the inter-generational and cross-regional phenomenon of labour precarity, as well as into the thorny issue of domestic migrants.
