**The period of stay abroad cannot last more than 6 months.**

**Mobility is not possible in the student's country of residence.**

a) **written approval of the thesis project** or of the study period following the Master's Degree, with certification of the usefulness of the activity at the proposed host institution;

In case of incomplete documentation, the application will not be taken into consideration.

4. **GRANTS AMOUNT.**

Scholarships amount will be set considering both the cost of living in the country of destination and the length of stay (which, however, cannot exceed six months).

In any case, each grant will vary from a minimum of **€ 1.000,00** up to a maximum of **€ 3.100,00**, net of charges to be paid by the Institution (IRAP, etc.). The obligation to respect the minimum and maximum thresholds cannot be waived.

**In case of assignment to students of foreign nationality, destinations in their country of residence will not be considered valid.**

The scholarship will be paid to the winners before the departure if the times needed by the administration to carry out the bureaucratic fulfilments and the necessary checks are adequate in relation to the start of the mobility; otherwise, the payment of the scholarship will take place after the departure.

If the scholarship winner is a graduate, the sum of € 1,04 for insurance coverage will be deducted directly from the amount of the scholarship. The insurance covers the cases provided for by the Unibo Policy: it is NOT intended as a substitute for additional insurance provided by the host country.

5. **EVALUATION COMMISSION AND AWARING CRITERIA.**

The evaluation of the projects will be carried out by a specific Evaluation Commission, appointed for this purpose, composed as follows: Ornella Montebanocci, Miranda Occhionero, Stefano Toderi; substitute: Raffaella Nori.

The amount of the scholarships will be determined by the Commission, which will assess the projects and curricula and the related awarding according to the requirements, possibly considering other contributions already received for the same activity.

In the awarding, the Commission will evaluate:

- the training programme considering both the proposed research activities and the adequacy of the host structure;
- the curriculum of studies, evaluating both the compatibility of the progress of the study path with respect to the development of the thesis (for non-graduated candidates), and the average of the marks of the exams taken, or the degree mark, as reported in the application.

The Call will be aimed primarily at the provision of scholarships for the preparation of the final examination abroad and, alternatively, for the in-depth study of the final examination abroad.

Further criteria may be established by the Evaluation Commission.

The projects must be accompanied by the written approval of a reference professor, which highlights the usefulness of the stay at the university and/or other proposed foreign institution/body. The professor must also certify the institutional connections or contacts made abroad in relation to the training experience.

As part of the merit assessment, the project must be evaluated as a priority with respect to the curriculum of studies. On the basis of the ranking formulated by the Commission, the scholarships will be awarded.

6. **RISK FACTORS.**

In addition to the aforementioned criteria, the Commission avails itself of the possibility of considering the risk status of the country and/or area where the mobility is planned at the time of the evaluation of the application as a further evaluation criterion. For this purpose, the Commission refers to the security updates published in the "country

sheets” by the Italian Ministry of Foreign Affairs and International Cooperation on the website [www.viaggiasesicuri.it](http://www.viaggiasesicuri.it).

#### **7. SUSPENSION CLAUSE AND REVOCATION CLAUSE.**

After the assignment of the scholarship and before departure, the Commission, after consultation with the supervisor of the graduating student, may suspend or revoke the scholarship and deny the authorization to depart, in the event that new safety updates published in the “country sheets” by the Italian Ministry of Foreign Affairs and International Cooperation on the website [www.viaggiasesicuri.it](http://www.viaggiasesicuri.it) reveal an aggravation of the risk status of the country and/or area where mobility is planned compared to the situation at the time of the assessment of the application.

Students are advised to activate valid insurance in the event of travel cancellation.

If, after the submission of the application, there are impediments to the regular use of the scholarship by the winner (for example: maternity; serious and documented illness), the assignee will keep the right to the scholarship.

In this case, the assignee must communicate the cause of the impediment to the Management Office for Psychology, courses ([campuscesena.didattica.psi@unibo.it](mailto:campuscesena.didattica.psi@unibo.it)) providing adequate documentation.

The right to use the scholarship will be temporarily deferred and the assignee will be able to benefit from it at the conclusion of the specific impediment.

#### **8. INCOMPATIBILITY.**

In accordance with the resolution of C.d.A. of 26.07.2016, S.A. of 19.07.2016 and Consiglio degli Studenti of 16.07.2016, on the subject of incompatibility in the field of international mobility:

- double funding is prohibited or it is not possible to finance the same mobility period with two contributions from the University of Bologna or from EU funds (double funding ban);
- it is not possible to benefit, in the same academic year, from two or more mobilities with the same purpose if these periods coincide. If in the same Academic Year the mobility periods don't coincide, the incompatibility is overcome.

#### **9. METHOD OF ALLOCATION OF SCHOLARSHIPS AND BEGINNING OF THE PERIOD ABROAD.**

Based on the evaluation carried out by the Commission, the scholarships will be awarded.

Successful candidates will be notified by e-mail.

The winners of the scholarship must, however, start their stay **by 26<sup>th</sup> October 2024**.

If it is necessary to change the start/end period, it will be necessary to notify the Management Office for Psychology, courses ([campuscesena.didattica.psi@unibo.it](mailto:campuscesena.didattica.psi@unibo.it)), promptly and in time to allow the authorization of the change.

#### **10. ALMARM REGISTRATION.**

Winning students must comply with the instructions given in the “Guide for winning students”, relating to the administrative formalities to be carried out through the AlmaRM platform (<https://almarm.unibo.it>), which are mandatory in order to recognize the activity of preparation of the final examination.

The Guide will be sent by e-mail to all winning students following the publication of the rankings.

#### **11. FURTHER DUTIES AFTER THE ASSIGNMENT.**

Before the departure, the winners must return the forms relating to the personal data, the methods of payment and fiscal deductions and the one relating to the declaration of acceptance of the scholarship, duly completed and signed, with the exact indication of the start of the period abroad.

At the end of the research period abroad, within 30 days of returning to Italy, the assignee must upload the following documentation to AlmaRM (<https://almarm.unibo.it>), as proof of the regular execution of the activity:

1. **declaration certifying the end of the period and the actual period of development of the activity** covered by the scholarship abroad and for which the scholarship was awarded;
2. the **Transcript of Records** of the host institution **or the final report signed by the foreign reference person or the declaration made by the thesis supervisor certifying the actual development abroad of the previously agreed activity**, if the host university doesn't have a specific format of Transcript of Records for thesis preparation activity;
3. complete **the recognition request** of the activities completed abroad on AlmaRM.

**In the event that the beneficiary of the scholarship does not stay abroad within the foreseen period or does not produce the documentation requested above, he/she will have to return the sums received.**

For the **newly graduated student**, the actual completion of the activity carried out abroad will be confirmed only when **an article published in a magazine/newspaper/online** will be submitted, since the scholarship aim for newly graduated students is strictly linked to the publication of an article.
