UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

Courtesy translation REP 187/2024

PUBLIC NOTICE OF SELECTION, BY QUALIFICATIONS AND INTERVIEW, FOR THE ASSIGNMENT OF ONE NON-OCCASIONAL SELF-EMPLOYMENT ASSIGNMENT FOR THE NEEDS OF THE DEPARTMENT OF PHYSICS AND ASTRONOMY "AUGUSTO RIGHI" OF ALMA MATER STUDIORUM UNIVERSITY OF BOLOGNA

THE DEPARTMENT DIRECTOR

TAKING INTO ACCOUNT art.. 2222 and seq. Italian Civil Code;

TAKING INTO ACCOUNT art. 7 D.Lgs.165/2001 and seq.;

TAKING INTO ACCOUNT Law 240/2010;

TAKING INTO ACCOUNT D.lgs. n. 33/2013 and seq.;

TAKING INTO ACCOUNT art. 1, comma 303 Law 232/2016;

CONSIDERED the decision of the Board of the Department dated 21/02/2024 which authorizes the assignment in order to perform the activities described in the following art. 1;

VERIFIED the unavailability of Department's personnel able to perform the activities;

DISPOSE

A comparative procedure is launched, based on qualifications and interview, for the assignment of one non-occasional self-employment assignment as Chief Scientific Officer lasting 12 months in support of the Project "DCC-CR: Decade Collaborative Centre for Coastal Resilience" for the needs of the Department of Physics and Astronomy

Article 1

**Project for which the assignment is needed.
Duration, services and location of the assignment**

The service will have a duration of 12 months for approximately a number of 1900 yearly work hours.

Goals and Project

As part of the ocean decade, the UN Coastal Resilience Coordination Center (hereinafter DCC-CR) will primarily contribute to the challenge of increasing community resilience to coastal risks. The DCC will provide support to the Coordination Unit of the Decade (DCU) within the UNESCO-IOC Secretariat by catalyzing and coordinating the actions of the decade related to coastal resilience.

The DCC-CR is legally a Departmental Center of the University of Bologna (UNIBO), and in particular of the Department of Physics and Astronomy. The DCC-CR will be directed by the Director of the

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

Center, Prof. Nadia Pinardi, professor at UNIBO. The Director, in consultation with the DCU, will be responsible for developing the Centre's research and innovation strategy and supervising the annual implementation plan.

The Center will have a Program Committee composed of national scientific experts, international representatives of the Coastal Resilience Community and an International Advisory Committee.

Object of the assignment and skills

The Chief Scientific Officer will be expected to carry out the following activities:

- Develop action plans for the implementation of the DCC's Strategic Programme with particular reference to cross-cutting actions, such as GlobalCoast and Cities with the Ocean; monitor and analyse progress in the implementation of the work plan and the results achieved in collaboration with the Director; identify issues to be addressed and initiate corrective actions; liaise with the DCU, relevant DCCs, the Programme Committee and the International Advisory Board; ensure that the DCC-CR advances science according to the principles of the UN Decade of Science for Sustainable Development, with a focus on resilience and climate change;
- Research, analyse and present information gathered from various sources on the implementation of the DCC-CR actions, document the results, challenges and lessons learnt in the implementation process;
- Generate knowledge surveys both independently and on inputs provided by the Programme Committee; design data collection tools and databases; examine, analyse and interpret data;
- Organise and prepare written outputs, e.g. draft background papers, scientific methodologies, sections of reports and studies, contributions to publications, etc., supported by other DCC-CR staff as appropriate;
- Provide core support to all DCC-CR meetings, conferences, etc., to include proposing agenda items, identifying participants, preparing papers and presentations, etc;
- Conduct training workshops, seminars, etc.; make presentations on assigned topics/activities, supported by permanent DCC staff, as appropriate;
- Coordinate the submission of competitive and research projects for funding (project preparation, progress reports) of the DCC-CR Strategic Plan.

Skills and characteristics of the profile sought:

Professionalism:

- International academic recognition, leadership skills and experience in supervising programmes and staff. Knowledge and understanding of oceanography, oceanographic concepts and approaches, with a record of success in contributing to the advancement of ocean science.
- Experience in programme management in the areas of scientific and development.
- Ability to identify and analyse complex problems and competence in conducting independent research and analysis using a variety of research sources, including electronic sources on the Internet, intranet and other databases for their resolution.
- Ability to apply judgement in the context of assigned tasks to achieve high quality results in a timely manner; ability to plan own work and manage competing priorities.

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

- Demonstrated pride in and commitment to work and achievements; professional competence and mastery of subject matter; adherence to commitments and deadlines ensuring achievement of results; motivation from professional rather than personal concerns; persistence in solving problems or tackling difficult challenges; remains calm in stressful situations; takes responsibility for incorporating gender perspectives and ensuring equal participation of women and men in all areas of work.

Teamwork:

- Actively collaborates with colleagues to achieve organisational goals by soliciting input and sincerely valuing the ideas and skills of others;
- Is open to learning from others and is committed to following the team's final decision, even if it does not fully reflect his/her own position.
- Shares credit for the team's results and accepts shared responsibility for any shortcomings of the team.

Planning and organisation:

- Develops clear objectives consistent with agreed strategies; identifies priority activities and tasks; has flexibility to adjust priorities as needed
- Appropriately allocates time and resources to complete work; anticipates risks and takes contingencies into account during planning; monitors and adjusts plans and actions as necessary; uses time efficiently

Judgment/decision-making:

- Identifies the key issues in a complex situation and gets quickly to the heart of the problem; gathers relevant information before making a decision; carefully assesses the positive and negative impacts as well as the impact on others and the organisation of the decisions to be made;
- Proposes a course of action or makes a recommendation based on all available information; tests assumptions against the facts; determines that the proposed actions will meet both the needs expressed and those underlying the decision; makes difficult decisions when necessary

Location

Contract services will be mainly carried out at the Department; also, they can be carried out at any other University site or location chosen by the collaborator if functional to the achievement of the assignment goals.

Article 2 Admission requirements

This call will be open to both permanent employees of the University classified in **category D and / or EP**, and external persons (with or without VAT number).

The requirements for admission to this comparative evaluation are as follows:

1. Qualification: **PhD**
2. Qualified professional experience and skills gained at least 5 years in public bodies or private organisations in relation to the subject of the contract and in line with the profile sought

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

3. No criminal convictions and/or pending criminal proceedings such as to give rise to situations of incompatibility with the post to be filled
4. Enjoyment of civil and political rights
5. Proof of knowledge of written and spoken English.

For qualifications obtained abroad, the declaration of equivalence issued in accordance with current legislation on the subject is required. In the absence of the aforementioned declaration, candidates must attach to the application a translation into Italian of the foreign qualification, accompanied by a self-declaration relating to the conformity with the original of the translation itself.

The foreign qualification can be declared admissible by the Selection Committee, for the sole purpose of participating in the selection. The winner, in the event that he has obtained his qualification in a country not belonging to the European Union, must transmit to the Department, with the same procedures provided for the submission of the application for admission, the official translation with declaration of value of the foreign title by the competent Italian diplomatic or consular representations in the country of origin, according to the regulations in force on the subject, within 120 days of the decree approving the acts of selection.

The selection is not open to any persons who are related by blood or by marriage up to the fourth degree, to a professor working in the department or the University for which the call is issued, or to the Rector, Director General or a member of the Board of Governors of the University. Moreover, the selection is not open to retired employees according to art. 25 Law 724/1995.

The prescribed requirements must be met on the expiration date of this notice.

Failure to meet the admission requirements or failure to declare them will result in the exclusion of the candidate from the selection procedure.

Article 3 University employees

Permanent University employees may apply using annex 2 form (see following art. 5). The application of employees lacking the clearance of their managers (NULLA OSTA, see annex 3) will not be considered.

Activities can be carried out by University employees only with regard to University collective labour agreements and in accordance with current laws, in particular D.Lgs. 165/2001 and s.m.i.

Activities will be carried out by the University employer during office hours with no extra payment as compensation as they are considered part of the service usually provided.

Article 4 Application

Applications (drafted using the form in annex 1), addressed and accompanied by the documentation specified below, shall be delivered without fail to this Administration **not later than May 6, 2024 at 13:00 CEST Europe/Brussels**

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

This call for application will be published on the University website <https://bandi.unibo.it/collaborazioni/incarichi> and on the Department website <https://fisica-astronomia.unibo.it>

The application may be submitted:

- by PEC (certified e-mail), sending an email message from a personal PEC address to difa.dipartimento@pec.unibo.it containing the application, filled and signed, along with every other document required, in pdf format, together with a scan of a valid ID document, specifying in the email subject the following: DCC-CR Chief Scientific Officer application.
- by e-mail, sending an e-mail message from the candidate's own e-mail address to difa.contratti@unibo.it containing the application, filled and signed, along with every other document required, in pdf format, together with a scan of a valid ID document, specifying in the email subject the following: DCC-CR Chief Scientific Officer application.

The date of acquisition of applications is established and evidenced:

- in the case of submission by PEC: by the date and time of receipt of the PEC
- in the case of submission by email: by the date and time of receipt of the email

Any applications received without proper signature or beyond the deadline or received with different submission methods will not be accepted.

The Department will not be held responsible for non-delivery of communications if not caused by its employees.

In the application candidates must indicate, under their own responsibility:

- surname and name;
- date and place of birth;
- nationality;
- residence and chosen address for correspondence for the purposes of this selection;
- that they do not have a criminal record and are not involved in any current criminal proceedings (or if so, state which);
- that they have the qualification required by art. 2 of the call for applications.

Disabled candidates, according to art. 3 Law 5.2.1992, n. 104, will be able to request in the application benefits intended by art. 20 of said Law (datelines, certain devices etc) by attaching certification regarding their disability as released by competent medical commission.

Candidates must also enclose the following with their applications:

1. signed and dated professional resume. The curriculum must highlight, in detail, all the training and professional experiences gained, as well as the qualifications that are intended to be presented for the purpose of their evaluation;
2. certification proving the knowledge of the spoken and written English language;
3. list of qualifications to be produced for the purpose of their valuation;
4. copy of a valid identity document;

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

5. Permanent employees of the University must submit the authorization of the Responsible of the Structure (Annex 3).

All candidates are admitted to the selection under condition of verifying the actual possession of the requirements requested to participate; the Administration may arrange at any time, even after the interview, to exclude a candidate from the selection.

When dealing with public administration bodies and public services operators, all certificates released by Italian public administration are substituted by self-declarations (according to art. 46 and 47 D.P.R. 445/2000.

Certifications attached to the applications will not be considered in the evaluation of qualifications, according to art. 15, L.183/2011. These certifications will have to be self-certified by the candidate.

Article 5

Admission, method of selection, ranking list and communication to candidates

The selection will take place on the basis of the evaluation of qualifications and a technical-practical interview carried out by a committee of experts.

Candidates excluded by the procedure will be notified by email.

Candidates not receiving any exclusion notice by the date of the interview, should report to the same.

Interviews for external candidates will be held on **May 13, 2024 starting at 14:00 CEST Europe/Brussels** in telematic form, on Microsoft Teams platform. This notice has the value of notification for all candidates participating in the selection, without the need for further communication.

The selection of external candidates will be carried out only in the event that there is no availability of permanent employees of the University or in the event that they are not suitable for selection.

During the interview, knowledge and skills reported in the description of the profile sought pursuant to art. 1.

The candidate's professional CV will be discussed and the knowledge of English language verified.

In order to be able to access the interview, candidates must provide a valid ID document.

The candidate's interview will succeed with a minimum score of 21/30.

The categories of qualifications listed in Annex 4 to this notice may be assessed on the basis of the score described therein. The overall score cannot exceed 20 points. Qualifications received after the deadline for submitting applications for participation in the competition will not be evaluated.

Qualifications may be self-certified by means of a declaration in lieu of a notorious act or self-certification contained in the professional curriculum.

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

The result of the evaluation of the qualifications will be announced before the interview takes place.

The final overall score (max 50 points) will be given by the sum of:

- score obtained in the interview (max 30 points);
- score reported for the qualifications provided for in Annex 5 (max 20 points).

At the end of the selection procedure the Committee will draw up a ranking list valid for a period of 12 months in case of waiver of the winner.

The Department Director shall formally confirm in writing his approval of the ranking list drawn up by the Committee which will be published on <https://bandi.unibo.it/collaborazioni/incarichi> and on the Department Web site <https://fisica-astronomia.unibo.it>.

The winner and the suitable candidates in the ranking list will receive by email message the official results.

Article 6

Total remuneration and specific methods of performance of the service for external staff

The gross remuneration subject, calculated annually, is equal to € 80,327.00 (eighty-thousand-three-hundred-twenty-seven/00), including tax and social security and insurance charges imposed by law on the collaborator.

The collaborator is entitled to reimbursement of expenses that may be necessary for the performance of the activities covered by the contract, subject to authorization and upon presentation of appropriate documentation, in accordance with the current Regulations on Missions and Travel and Related Expense Reimbursement of the University of Bologna.

Payments will take place in deferred monthly instalments, subject to a declaration of regular execution of services by the Project manager Prof. Nadia Pinardi.

The collaborator will activate insurance coverage regarding third-party civil liability, stipulated by the University broker.

According to Article 2222 et seq. of the Civil Code, this is a contract under the collaborator undertakes, for a fee, to perform personally a task or service without the ties of subordinate status and using predominantly his or her own labour. The collaborator will organize the performance independently within the terms of the contract and will not be in any way considered an employee of the University of Bologna nor the contract will imply any form of exclusive relationship with University of Bologna.

To carry out this activity, the provider must organize him/herself independently, while having at his disposal the documentation and access to the structure of Viale Berti Pichat n.6/2 and n.8 without this entailing in any way stable insertion in the organization of the University of Bologna.

Within the scope of its autonomy, the provider must agree with the Director of the Center, the objectives and the presence at the premises of the University structure.

The technical-operational methods of carrying out the service will therefore be identified by the provider in compliance with what has been agreed with the Director of the Center.

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

DEPARTMENT
OF PHYSICS AND ASTRONOMY
"AUGUSTO RIGHI"

The contract that will be stipulated will not imply the emergence of an exclusive relationship with the University.

The provider will carry out the requested activity personally, without using substitutes.

Article 7 Award of the assignment

The Administration reserves the right not to proceed with the stipulation of the contract in the event that only one request is received or is considered valid, if there are or intervene reasons of public interest or in the event that the applications are not considered suitable at the unquestionable judgment of the Administration.

Once the person to be entrusted with the assignment has been identified, the Administration, having verified the veracity of the declarations presented, will proceed to the signing of the contract.

For any further information of an administrative nature, please contact difa.contratti@unibo.it, while for information on the profile sought contact the Director of the DCC nadia.pinardi@unibo.it.

Article 8 Final provisions and data processing

For the purposes of applying the provisions of Law no. 241 of 7 August 1990, the Person in charge of the procedure is Dr Laura Tombelli, email address: laura.tombelli@unibo.it. Pursuant to Regulation (EU) 2016/679 and Legislative Decree no. 196/2003 ss.mm.ii, the personal data provided by the candidates are processed exclusively for the purposes of managing the selection, below is the link relating to the information on the processing of personal data:
