

Exchange places

7

Duration

One academic year or one semester (either the 1st or the 2nd semester)

Schools or Departments open to exchange students

Exchange students are allowed to attend several study programmes, both Bachelor/Baccalauréat/Undergraduate programmes (1st - 3rd year) and Master/Maîtrise/Graduate programmes (4th and 5th year).

Classes are held in French. For some courses, especially in the fields of Science, books may be in English.

Restrictions

Exchange students must select one single “programme d’études”, with all its teaching units. Selecting courses from other fields of study is allowed only within the framework of some “programmes d’études”.

Applicants who will be enrolled in their 2nd or 3rd year of a “laurea magistrale a ciclo unico” at the University of Bologna during their mobility period at the Université de Montréal are not allowed to attend courses held in Graduate Degree programmes. Applicants who will be enrolled in their 4th or 5th year of a “laurea magistrale a ciclo unico” at the University of Bologna during their mobility period at the Université de Montréal are allowed to attend only 1 teaching unit held in an Undergraduate Programme per semester. Moreover, Applicants enrolled in a Master Degree Programme at the University of Bologna must have completed at least one semester before starting their mobility period at the Université de Montréal.

The following programmes are closed: *Bachelor’s degree in Political Science and Philosophy (Faculty of Arts and Sciences)*, *Bachelor’s degree in Human Sciences (Faculty of Arts and Sciences)*, *Medical Doctor Programs*, *Master Degree of Medical Physics*, *Master’s degree - Secondary Level education*, *Master’s degree Cellular Biology and Pathology*, and other programmes. Exchange students are not allowed to take course taught in the Laval Campus, as well as courses in Management and Engineering at the Ecole Polytechnique Montréal and at HEC Montréal.

Please, read the following web page carefully
https://international.umontreal.ca/fileadmin/international/documents/Mobilite/Programmes_avec_particularites_2019-2020.pdf.

Udem cannot assure Exchange students a place in the selected courses: only a limited number of students is allowed to attend classes and mandatory attendance is required. This implies that timetable overlaps might occur, or that the number of requests for certain courses might exceed the number of students allowed to attend them. Therefore, applicants are recommended to be flexible and to select a wide range of suitable courses.

Prerequisites

Exchange students may be required to have completed certain courses as prerequisite; see the document “Guidelines for Overseas study project” at the following page: www.unibo.it/en/overseas.

Language requirements

A French language proficiency level of **B2** is required, as per the standards of The Common European Framework of Reference for Languages. Proof of language proficiency can be provided through sitting the Overseas language test at the Language Centre CLA or through a certificate.

ATTENTION: For some courses, the Université de Montréal requires a higher level of proficiency in French, e.g. the Département de Littératures de Langue Française requires candidates to have a **C2** knowledge of the French language and the Department of Kinesiology and the School of Industrial Relations require a **C1** level.

One credit is equivalent to 15 hours of work in class; most courses are of 3 credits (3 hours per week for 15 weeks).

In Undergraduate degree programmes, Exchange students have to be registered for an amount of credits ranging from 12 to 15 per trimester. In Graduate degree programmes, Exchange students have to register for an amount of credits ranging from 6 to 9 per trimester

According to the Université de Montréal, for undergraduate courses 1 UdeM credit = 2 ECTS credits (CFU). A graduate course of 3 credits corresponds to approximately 9 ECTS credits (CFU).

CONCORDIA UNIVERSITY

Exchange places

3

Duration

One semester (either the 1st or the 2nd semester)

Schools or Departments open to exchange students

Exchange students can take part in all programmes, except for “English as a Second Language (ESL)”. There are, however, several restrictions in most Departments and Schools. Please, read the following web page carefully before including this university in your Overseas application:

<http://www.concordia.ca/international/visiting-exchange/study-exchange.html> (“Step 2 - Program and Courses”).

Students are allowed to select courses belonging to undergraduate or graduate programmes, but cannot select courses belonging to both programmes.

Limitations

Please check section “Step 2 - Program and Courses” on the following web page:

<http://www.concordia.ca/international/visiting-exchange/study-exchange.html> and the “List of restricted courses” in the “Step 4 - Register for Courses” on the following one: <http://www.concordia.ca/content/dam/concordia/offices/ci/docs/Restricted%20Course%20List%202019-2020.pdf>.

500-level courses are not available to exchange students. 600-level courses are generally graduate level and are only available to students with the appropriate academic background.

Language requirements

A TOEFL iBT language certificate with an overall score of **90** is required (some Departments, such as Communication Studies, Creative Writing and Journalism Departments require a score of **100**). In order to attend Graduate courses it is also required to have at least a **20** in each section.

Alternatively, students can provide an IELTS (Academic) language certificate with an overall score of **7.0** and at least **7.0** in each section.

Concordia University also requires to directly forward the TOEFL result by indicating the code **0956.00** as institutional code, when registering for the test.

Some programmes may require higher scores to access specific courses. See the following web page: <http://www.concordia.ca/international/visiting-exchange/study-exchange/elegibility.html>.

Exchange profile: thesis research project

The thesis project research profile is open for students who are enrolled in a “Corso di Laurea Magistrale” or are enrolled in the last two years in a “Laurea Magistrale a Ciclo Unico” of a scientific or technologic CdS. Under penalty of exclusion from the selection, the selected applicants will have to hand in the following documents prior to their departure:

- by the end of January 2020, a declaration written by the UNIBO thesis' project supervisor, stating that the student is allowed to spend a semester abroad as an exchange student
- by March/April 2020, a certification released by a supervisor from the host University (via email or letter), stating the willingness to accept and supervise the student during his/her thesis' project research activity.

Please note that the selected applicants will have to present a Learning Agreement indicating the preparation of the final thesis as exchange activity.

Duration

One semester (either 1st or 2nd).

Limitations

The exchange profile is only open to students who are enrolled in a “Corso di Laurea Magistrale” or in the last two years of a “Laurea Magistrale a Ciclo Unico” of a scientific or technologic CdS. Students of *Medicina e Chirurgia* are not eligible for the program.

In order to present a suitable project, students need to make sure that Brown University's research interests and research groups' focus are relevant for the thesis' subject. For further information, students can check their

department's website or consult Brown University's research gate at the following page: <https://vivo.brown.edu/>. Brown University's research gate also includes the profiles of Brown academicians and a summary of their research activities. In their project, students are encouraged to indicate two or more potential Brown supervisors.

Calendar

Fall semester: September - December. Spring semester: January - May. Brown University's academic year also includes a Summer Session (from the end of June to the beginning of August).

USA - California

UNIVERSITY OF CALIFORNIA

Exchange places

35

Campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, Santa Barbara, Santa Cruz, San Diego.

In the application the student must specify three Campuses in order of preference with a list of possible courses for each Campus. (The application for UC counts as one single application, i.e. one of the three universities you can apply for within the Overseas programme).

Duration

Full year or one semester at the Berkeley and at the Merced Campuses. One academic year or one or two "quarters" at all the other Campuses.

Most campuses use a *quarter* system: Fall quarter (September - December), Winter quarter (January - March), and Spring quarter (April - June), except for Berkeley and Merced, which use a semester system (Fall semester: August - December. Spring semester: January - May). For campuses using *quarters*, students can choose one, two or three quarters; *three quarters* are a full academic year. Students applying for one quarter only should choose either the Fall or the Winter quarter; Exchange students are allowed to attend the third quarter only if they also attend the second quarter (Winter quarter).

Limitations

Students who want to apply at this University have to be enrolled in the second or third year of a "Corso di Laurea" or "Corso di Laurea Magistrale a Ciclo Unico" in the academic year 2019/2020. Students who are enrolled or will enroll in a "Corso di Laurea Magistrale" or in the fourth year of a "Corso di Laurea Magistrale a Ciclo Unico" in the academic year 2019/2020 will not be allowed to apply for this University since the University of California does not accept students enrolled in an academic year subsequent to their fourth year during their mobility period (corresponding to the a.y. 2020/2021).

Applicants are required to have an average grade higher than or equal to 26/30. Applicants to the Overseas Call for Applications are not required to have already satisfied this requisite at the moment of their application, but selected students will have to fulfill this requisite when sending their application to the University of California (i.e. in mid-January, for students who want to leave at the beginning of the academic year; mid-July, for students who want to leave in the second half of the academic year).

Schools or Departments open to exchange students

The following website represents a reference for those who want to apply, but will also be very useful for preparing the Overseas Application, since it provides explanations about the organization of the didactic offering and recommendations concerning prerequisites and restrictions: <https://reciprocity.uceap.universityofcalifornia.edu/apply-exchange/apply-undergraduate-programs>.

Exchange students are allowed to take courses at various Departments of each Campus, listed on the basis of each "major" at the following page: <https://reciprocity.uceap.universityofcalifornia.edu/plan-your-studies/uc-courses>.

The University of California considers all Exchange students as undergraduate students, i.e. as students in their first four academic years.

Undergraduate courses are divided into two categories: "lower division" and "upper division". Exchange students are free to choose courses from both categories, regardless of the year in which they are enrolled at the University of Bologna. The courses belonging to the "lower division" (codes 1 - 99) are introductory courses and local students attend them in their first two years, whereas the courses belonging to "upper division" (codes 100 - 199) are generally attended by local students in their third or fourth year.

Prerequisites

For most "upper division" courses of majors in Biology, Business Administration, Economics, Engineering and Psychology, exchange students are requested to have already completed some courses as prerequisite. The courses are listed at the following link: <https://reciprocity.uceap.universityofcalifornia.edu/plan-your-studies/uc-courses/major-preparation>.

For more general information on prerequisites see the document “Guidelines for Overseas study project” at the page: www.unibo.it/en/overseas.

Restrictions

The courses in Business, Management, Economics and/or Business Economics are accessible only to students who are enrolled in a Degree Programme of this specific field of study, while students who wish to study Law courses need to be aware that the courses available are limited to introductory courses from the major in Legal Studies, because the courses offered by the Professional School of Law are not open to exchange students. Also courses in Medicine, Nursing and Veterinary Medicine are not open to exchange students.

Courses at graduate level (codes 200 and above) are in general not open to undergraduate students, except in some cases and always with a prior approval of UC. For this reason, graduate courses must not be included in the Overseas application.

Reference Web Page

<https://reciprocity.uceap.universityofcalifornia.edu/apply-exchange/apply-undergraduate-programs>

Course catalogue

To look for courses available in each campus check the following web page and filter your research by campus: <https://reciprocity.uceap.universityofcalifornia.edu/plan-your-studies/uc-courses>.

Students should also take into account the prerequisites and restrictions listed for every ‘major’ on the following web page: <https://reciprocity.uceap.universityofcalifornia.edu/plan-your-studies/uc-courses/major-preparation>.

Campus allocation

The University of California will allocate the selected students in the UC campuses according to availability and to the requisites for the different majors. Students will have to express three preferences anyway. These preferences need to be expressed in the application procedure phase: it is necessary to choose three campuses and to present a study plan for each of them. The selected students will be asked to indicate the three campuses -as well as their relative study projects- again during the following phase, in the application for the University of California.

Language requirements

TOEFL iBT or IELTS (Academic): the minimum scores are indicated in the following table; scores may vary. Official scores can be found at the following page: <https://reciprocity.uceap.universityofcalifornia.edu/plan-your-studies/examinations>.

UC CAMPUS	TOEFL iBT	IELTS (Academic)
BERKELEY	80	6.5
DAVIS	80	7.0
IRVINE	80	6.5
LOS ANGELES	83	7.0
MERCED	80	6.5
RIVERSIDE	80	6.5
SANTA BARBARA	80	6.5
SANTA CRUZ	80	6.5
SAN DIEGO	83	7.0

Concerning the **TOEFL iBT** certificate, the score should be sent to the University of California directly (to the University general Office). Those who still have to take their TOEFL iBT test will need to indicate in the module the following codes: **7850** (standing for Bologna) and **4795 U CA ED Abroad** (standing for the University of California), for the department code it must be indicated ‘00’. It is not required to indicate the number of the campus but only “U. of California” or “4795”. Those who have already taken the TOEFL iBT test have to ask the ETS-TOEFL centre to send again the certificate following the procedure mentioned above, however, it is suggested that applicants require it only after having been selected.

Concerning the **IELTS (Academic)** certificate, students have to keep the original certificate. Students who have been selected have to attach it to their application.

Calendar
