#### General Information

The Summer School will be co-organized with Universiti Teknologi Mara (UiTM). The Summer School does not award credits (CFU), but the Course Boards/Doctoral Colleges to which each participant belongs may decide to recognize credits upon presentation of a participation certificate and successful completion of the final exam.

The Summer School will take place during one week in **July 2024**, totaling **32 hours** of lessons and will be conducted in **English**.

The Summer School includes an in-person first part at the Imola campus of the University of Bologna for all selected students.

At the end of the first part held in Imola, an evaluation of students' activities will be conducted by the Commission. Evaluation will be based on classroom work, participation in at least 80% of classes, and presentation of the final project. **The top 5 students** with the highest evaluation will be awarded a **€1,200.00** scholarship to participate in the second part of the Summer School in Malaysia in **October 2024** for one week.

The competition is open access.

Participation is only possible for those enrolled in the Department of Food Science and Technology.

## Admission Requirements

Eligible applicants include students enrolled in the second and third year of a bachelor's degree program at DISTAL, students enrolled in the first and second year of a master's degree program at DISTAL, and students enrolled in a research doctorate program activated by UNIBO in the academic year 2022/2023 within DISTAL, regardless of their country of citizenship.

Another mandatory requirement for admission is English language proficiency (level **B1** or higher).
