### What activities can be carried out?

Depending on the agreements, the following activities may be carried out:

- attendance of learning activities and related exams (as long as they are consistent with one's course of study);
- preparatory activities for the final thesis (if provided for in the agreement).

Before leaving, participating students will be required to draw up a Learning Agreement that defines in detail the curriculum and activities to be carried out during the exchange period.

In addition to identifying the educational activities to be followed at the host institution, the Learning Agreement must provide for the acquisition of CFUs, in a number congruent with the duration of the mobility and in any case **not less than 6CFUs**. The Learning Agreement must be approved by the Course Council or other competent body before the start of the mobility.

At the end of the mobility, the host university will transmit the documents related to the educational activities passed and the CFUs acquired, and the participant(s) may request recognition of the activities carried out during the mobility period.

In case of simultaneous enrolment in two degree programmes at UniBO, students will have to opt for one out of the two degree programmes.

Students enrolled in a bachelor's degree program who have opted for the part-time student status will be eligible for mobility only from the time they are formally enrolled in their second year (third year of the part-time pathway).

The student must maintain the requisite of the enrolment for the entire duration of application/selection procedure until the publication of ranking lists.

Selected students will also be required to renew their enrollment at the University of Bologna for A.Y. 2025/26 by the established deadlines. It will not be possible to obtain the final degree before the conclusion of the mobility period at the host university and the formal conclusion of the process of recognition of the learning activities carried out by the Degree Programme or other competent body.

## DEADLINES AND GRANTS AMOUNT

The deadline to apply is **October 27th, 2025 at 01:00 p.m.** (Rome time)

Applications must be submitted online only through the "Students Online" SOL application.

In order to apply, candidates must:

- access <https://studenti.unibo.it/> using your UniBO credentials;
- click on the 'Calls' section;
- select: **"Bando di mobilità Erasmus Italiano a.a. 2025/26 (2° semestre) – Dipartimento di Scienze e Tecnologie Agro-Alimentari"**.

Please note that only students who meet the requirements of the Call will be enabled to submit the online application. The application will be valid only if the indicated procedure is completed, and it will not be possible to send the application in paper format or via e-mail to the offices.

Please note that any communications relating to the Call will be sent exclusively to the institutional e-mail address: [nome.cognome@studio.unibo.it](mailto:nome.cognome@studio.unibo.it)

In order to receive assistance in filling in the online application, applicants may contact the Studenti Online Help Desk by telephone at the following number: +39(0)512099882 from Monday to Friday, from 09.00 to 13.00 and from 14.00 to 17.00 or via e-mail to [help.studentionline@unibo.it](mailto:help.studentionline@unibo.it)

For "*Erasmus Italiano*" mobility, the period of study at the host university must be between a **minimum of 3 months (90 days) and a maximum of 6 months**, necessarily continuous. No extension of the mobility period can be granted. Mobilities may take place in the **second semester of the 2025/26** academic year and must be completed in any case by **September 30th, 2026**.

The scholarship is reserved for students whose ISEE for university study right benefits (or documentation for calculating income and assets, for students and international students) is less than or equal to €50,000.00.

The monthly scholarship amount is **€600.00 for mobility to the University of Padua** and **€1,000.00 for mobility to the University of Milan**. The scholarship will be paid in **two instalments**, the second of which will be issued upon completion of the mobility period.

Only the ISEE 2025 certificate will be considered for the purpose of this call for applications and will be acquired by the office. Students who have not submitted ISEE 2025 will still be able to participate in the call for applications and, in case of eligibility for participation in the program, leave without a scholarship.

The financial contribution cannot be combined with other mobility grants if used in the same period for the same purpose and provided by the University of Bologna. It is the responsibility of the participant to verify any incompatibility with funding received from other entities through calls for applications in which he/she has participated or intends to participate.

Students will be required to return any amount of the scholarship already received in case:

- they interrupt the mobility period;
- spend on mobility less than the mandatory minimum period (3 months);
- get their degree before the conclusion of the mobility period;
- the payment of tuition fees is not regular;
- do not fulfill by the deadlines all the prescribed obligations and administrative procedures;
- do not obtain recognition of the activities carried out at the end of the mobility.

In these cases, you will be contacted by the relevant office.
