MAKES THE FOLLOWING ANNOUNCEMENT

A competitive procedure, based on qualifications only is hereby announced to appoint a self-employed worker on a continuous basis for a period of 4 months to support the “Econometric modelling of climate and financial duration data” Project, under the project PRIN 2020 Prot. 2020B2AKFW_002- “Fin4Green - Finance for a Sustainable, Green and Resilient Society Quantitative approaches for a robust assessment and management of risks related to sustainable investing” (CUP J33C22000430001) in order to meet the needs of the Department of Economics.

Article 1

**Project for which the appointment is required.
Duration, scope and location of the appointment.**

ALMA MATER STUDIORUM | DIPARTIMENTO
UNIVERSITÀ DI BOLOGNA | DI SCIENZE ECONOMICHE

The appointment will be for a period of 4 months with an indicative annual commitment of approximately 250 hours. The indicative start date of the contract is from February 1st, 2025.

Project and objectives

this project, aims to involve a researcher who is an expert in the specification of econometric models and asymptotic theory, with particular reference to non-stationary and time-varying volatility, for the implementation of appropriate inferential and hypothesis testing procedures.

The researcher will help RU-BO plans to introduce new concepts of climate-related uncertainty and to develop new econometric measures of climate-related uncertainty to analyse its impact on financial markets (T2.2).

Scope of the appointment.

The appointment will entail the following:

- Research activities related to the specification, estimation and testing of hypotheses in the field of econometric modelling of duration data.
- Development of bootstrap-based methodologies for duration models applied to time series data; these duration models will be used to analyse financial time series.
- The researcher will interact with RU-BO researchers to introduce new concepts of climate-related uncertainty and develop new econometric measures of climate-related uncertainty to analyse its impact on financial markets.
- The researcher will also contribute to the generalisation of duration models to allow for non-stationary volatility and structural breaks in parameters.
- Drafting (together with other RU-BO members) two research articles on inference in duration models for financial data.

Location

The activities will mostly be carried out remotely, as well as at the department and/or at any other University facility or other location chosen by the worker that is functional to achieving the project objectives.

Article 2 General application requirements

This call for applications is open both to permanent **Officers Area and/or Highly Professional Area** employees of the University and to external applicants.

The application requirements for the purposes of this competitive assessment are as follows:

1. Degree qualification: old-system degree or second cycle degree/two year Master with appropriate scientific and professional curriculum

DIPARTIMENTO DI SCIENZE ECONOMICHE

2. No criminal convictions and/or pending criminal proceedings such as would be incompatible with the appointed work to be carried out
3. Enjoyment of civil and political rights
4. Adequate knowledge of Italian, if the candidate is a foreign citizen
5. Proven research experience (at least 5 years) in the field of econometrics;
6. Advanced skills in the econometric analysis of time series

For degree qualifications gained abroad, a declaration of equivalence is required in accordance with the applicable laws in force. In the absence of such a declaration, candidates must include with their application a translation in Italian of the foreign degree qualification, accompanied by a declaration by the candidate that the translation is a true representation of the original.

Foreign degree qualifications may be declared admissible by the Selection Committee solely for the purposes of participating in the selection. If the successful candidate has gained degree qualifications in a country outside of the European Union, he/she must send the University the official translation along with a declaration of the value of the degree by the relevant Italian diplomatic or consular official in their country of origin. It must be sent in the same manner as that provided for submitting the application, in accordance with the laws in force, prior to signing the contract.

Applicants who are related, up to and including the fourth degree of consanguinity, to a professor within the Department that has requested the appointment, or to the Rector, the Director General or a member of the Board of Governors of the University, may not participate in the selection. Staff who have taken early retirement are also disqualified from applying pursuant to art. 25 of Italian Law 724/1995.

The requirements must be met on the date of expiry of this notice.

Candidates who do not meet the application requirements or who fail to declare them shall be excluded from the selection procedure.

Article 3 University employees

Permanent employees of the University may indicate their interest using the form in annex 2 in the manner specified in article 5.

Under penalty of exclusion, the application of the employee must be accompanied by the relative AUTHORISATION from their department manager using the form in annex 3.

Work carried out by an employee of the University may be performed only in accordance with the contractual terms and conditions of the collective bargaining contract applicable to the university sector in compliance with the laws in force, particularly Italian Legislative Decree 165/2001, as amended.

The appointment will be performed by the employee during office hours and does not provide for any additional payment in that it is considered part of the services rendered.

Article 4 Application

Candidates are reminded that in dealings with the bodies of the public administration and public service providers, the notarial deeds and certificates issued by the Italian public authorities are substituted by the declarations referred to in articles 46 and 47 of Italian Presidential Decree 445/2000.

Any certifications attached to the application will therefore not be considered for the purposes of evaluating the aforementioned qualifications, pursuant to art. 15 of Law 183/2011. Said certifications must be self-certified by the candidate.

Article 5 **Admission, selection, ranking and notifying the candidates**

The selection will be based on an assessment of the candidates' qualifications and will be made by a Committee of experts.

Candidates who have been excluded from the selection procedure will be notified via mail.

The qualifications eligible for consideration are those that fall under the categories indicated in annex 5 to this notice. They will be assessed through the allocation of points as indicated therein. The total points allocated may not exceed 30.

Qualifications received after the deadline for the submission of applications to participate in the competitive selection procedure will not be considered

The outcome of the assessment of qualifications will be made known with the publication of the selection results.

The overall final score (max. 30 points) will comprise the sum of:

- the points allocated for the qualifications set out in annex 5 (max. 30 points).

Upon completion of the selection procedure, the Committee will compile a list of candidates ranked according to merit which will be valid for 5 months and which will be used in the event that the successful candidate does not take up the appointment.

The Department Manager will issue a decree approving the ranking list compiled by the Selection Committee, which will be published on the website of the Department:
<https://bandi.unibo.it/collaborazioni/incarichi>.

The decree approving the ranking list will be sent by email to the successful candidate and to those on the ranking list.

Article 6

Overall pay and work specifications for external personnel

The gross pay, calculated for the entire duration of the contract, is established in the amount of EUR 17.000,00 (seventeen thousand/00), including the taxes, social security and insurance contributions that, by law, must be paid by the worker.

The worker will be paid in arrears in monthly instalments, and the payment shall be subject to a declaration that the work has been duly performed, issued by the Manager in charge of the service, Prof. Giuseppe Cavaliere.

The worker must take out appropriate third-party liability insurance cover, for which he/she may avail of the University's broker.

In accordance with articles 2222 et seq. of the Italian Civil Code, the services covered by this contract are provided in the context of a working relationship marked by the absence of subordination, involving the provision of services without any specified working hours or hierarchical restrictions.

The worker will offer his/her services on an independent basis, even though he/she will have access to the documentation and facilities of Department of Economics, without this signifying in any way that he/she is permanently established in the organisation of the University of Bologna.

In particular, in order to perform the services, the worker:

- will perform his/her work on a completely independent basis;
- will work in the absence of subordination and without coordination with the activities of the University of Bologna or permanent establishment in its organisation;
- will decide on the technical and operational means of delivering the service, in accordance with any agreements with the University.

This contract does not give rise to any form of exclusive relationship with the University.

The worker will carry out the requested activities personally, without recourse to deputies.

Article 7

Awarding the contract

In the event of only one application being received or deemed valid, the Administration reserves the right not to proceed with the appointment on grounds of public interest or if the applications are, at the sole discretion of the Administration, deemed unsuitable.

Having identified the person they wish to appoint, and having verified the veracity of the declarations submitted, the Administration will proceed with signing the contract.
