Article 1

Project for which the appointment is required. Duration, scope and location of the appointment

The service will last one month in the period running from 9/3/26 to 8/4/26, with an indicative commitment of approximately 30 hours

Project Objectives

The project involves the automated assembly of test forms based on an item bank assessing digital competences for Grade 10 students (upper secondary school, second year) and Grade 13 students (upper secondary school, fifth year). In particular, the activity is carried out within the framework of a scientific collaboration with INVALSI, which includes study and research activities on digital competences (DIGCOMP) aimed at defining a prototypical model capable of certifying young people's digital competences. The project involves the use of specific software for automated test assembly (through optimization techniques) in order to generate multiple test forms.

Scope of the appointment.

The appointment will entail the following:

- Review and cleaning of the item banks based on the characteristics required for the test forms;
- Test assembly (Automated Test Assembly – ATA) based on an item bank on digital competences, using dedicated software (e.g., the R package eatATA, ATA software) for Grade 10 and Grade 13."

Location

The activities will mostly be carried out remotely, as well as at the department and/or at any other University facility or other location chosen by the worker that is functional to achieving the project objectives.

Article 2 General application requirements

This call for applications is open both to permanent **Officers Area and/or Highly Professional Area** employees of the University and to external applicants.

The application requirements for the purposes of this competitive assessment are as follows:

1. Degree qualification Master's degree in Mathematics, Statistics, or Computer Science
2. Qualified professional experience and skills gained in public bodies or private organisations in relation to the scope of the contract of at least 12 months
3. No criminal convictions and/or pending criminal proceedings such as would be incompatible with the appointed work to be carried out
4. Enjoyment of civil and political rights
5. Adequate knowledge of Italian, if the candidate is a foreign citizen

For degree qualifications gained abroad, a declaration of equivalence is required in accordance with the applicable laws in force. In the absence of such a declaration, candidates must include with their application a translation in Italian of the foreign degree qualification, accompanied by a declaration by the candidate that the translation is a true representation of the original.

Foreign degree qualifications may be declared admissible by the Selection Committee solely for the purposes of participating in the selection. If the successful candidate has gained degree qualifications in a country outside of the European Union, he/she must send the University the official translation along with a declaration of the value of the degree by the relevant Italian diplomatic or consular official in their country of origin. It must be sent in the same manner as that provided for submitting the application, in accordance with the laws in force, prior to signing the contract.

Applicants who are related, up to and including the fourth degree of consanguinity, to a professor within the Department that has requested the appointment, or to the Rector, the Director General or a member of the Board of Governors of the University, may not participate in the selection. Staff who have taken early retirement are also disqualified from applying pursuant to art. 25 of Italian Law 724/1995.

The requirements must be met on the date of expiry of this notice.

Candidates who do not meet the application requirements or who fail to declare them shall be excluded from the selection procedure.

Any certifications attached to the application will therefore not be considered for the purposes of evaluating the aforementioned qualifications, pursuant to art. 15 of Italian Law 183/2011. Said certifications must be self-certified by the candidate.

Article 5

Admission, selection, ranking and notifying the candidates

The selection will be based on an assessment of the candidates' qualifications and will be made by a Committee of experts.

The qualifications eligible for consideration are those that fall under the categories indicated in annex 5 to this notice. They will be assessed through the allocation of points as indicated therein. The total points allocated may not exceed 30.

Qualifications received after the deadline for the submission of applications to participate in the competitive selection procedure will not be considered.

Where possible, qualifications should be submitted in an original copy with an appropriate certification, or alternatively as a declaration in lieu of an affidavit or a self-certification contained in the professional curriculum vitae.

The qualifications will be assessed after to conducting the interview only for candidates who have passed the interview.

The outcome of the assessment of qualifications will be made known with the publication of the selection results.

The overall final score (max. 30 points) will comprise the sum of the points allocated for the qualifications set out in annex 5.

Upon completion of the selection procedure, the Committee will compile a list of candidates ranked according to merit which will be valid for 12 months and which will be used in the event that the successful candidate does not take up the appointment.

The Department Manager will issue a decree approving the ranking list compiled by the Selection Committee, which will be published on the website <https://bandi.unibo.it>, and the successful candidate will be notified by email.

Article 6

Overall pay and work specifications for external personnel

The gross pay, calculated for the entire duration of the contract, is established in the amount of EUR 2100,00 (duemilacento/00), including the taxes and social security contributions that, by law, must be paid by the worker.

The worker will be paid in arrears in a single instalment upon expiry of the contract and the payment shall be subject to a declaration that the work has been duly performed, issued by the Manager in charge of the service Prof.ssa Mariagiulia Matteucci

The worker must take out appropriate third-party liability and injury insurance cover, for which he/she may avail of the University's broker.

In accordance with articles 2222 et seq. of the Italian Civil Code, the services covered by this contract are provided in the context of a working relationship marked by the absence of subordination, involving the provision of services without any specified working hours or hierarchical restrictions. The worker will offer his/her services on an independent basis, even though he/she will have access to the documentation and facilities, without this signifying in any way that he/she is permanently established in the organisation of the University of Bologna.

In particular, in order to perform the services, the worker:

- will perform his/her work on a completely independent basis;
- will work in the absence of subordination and without coordination with the activities of the University of Bologna or permanent establishment in its organisation;
- will decide on the technical and operational means of delivering the service, in accordance with any agreements with the University.

This contract does not give rise to any form of exclusive relationship with the University. The worker will carry out the requested activities personally, without recourse to deputies.

Article 7 Awarding the contract

In the event of only one application being received or deemed valid, the Administration reserves the right not to proceed with the appointment on grounds of public interest or if the applications are, at the sole discretion of the Administration, deemed unsuitable.

Having identified the person they wish to appoint, and having verified the veracity of the declarations submitted, the Administration will proceed with signing the contract.
