Grants for students enrolling in the Academic Year 2023/24

Grants for students enrolling in the Academic Year 2023/24

In order to incentivize the enrolment of students, the Department of Statistical Sciences will award 5 grants, distributed as follows:

- 2 grants for the first intake,
- 2 grants for the second intake,
- 1 grand for the third intake.

Each scholarship amounts to **€ 3000** gross of taxes. The scholarship is granted for one academic year.

In the event of non-assignment, the relevant sum of the unassigned scholarships will be assigned to the following student admitted in the same intake.

Eligibility

Grants are reserved to students enrolling in the Laurea Magistrale in Statistical Sciences (CLAMSS) for the A.Y. 2023/2024 and that have been admitted with a minimum score of **70/100 points**.

Selection

Grants will be granted by the Admission Board of the Laurea Magistrale based on the admission ranking. Only students who meet the eligibility requirements will be considered (see section "Eligibility"). In case of two or more candidates obtaining equal results in the ranking, the grant will be awarded to the youngest candidate.

Grants will be assigned based on the admission ranking, starting with the first admitted student and going down to the second. If one of the students fails to accept the grant and/or declines the grant, the grant is granted to the student who comes next in the ranking.

The ranking for the assignment of the grants is approved by a decree of the Director of the Department of Statistical Sciences.

Acceptance

Students who are selected for the grant will be informed by e-mail at the Unibo institutional email address. Within 10 day from the reception of the news about the award of the grant, candidates should send an email to cdl.clamss@unibo.it and state that he/she accepts the grant at the terms stated

in this procedure, without further conditions. Failure to accept the grant is tantamount to decline it.

Payment

The payment of the grant will take place only if these conditions apply:

- The student enrolls in the study programme Laurea Magistrale in Statistical Sciences (he/she should pay of the first instalment of tuition fees, show up at the Admissions office, bring his/her documents and have them approved, and finally collect the student's badge) not later than **23 November 2023**;
- The student has filled in the relevant forms for the payment.

The payment will take place by means by in one of the following methods:

- Bank wire transfer to an account in the name of the beneficiary, with IBAN in the SEPA area;
- Bank wire transfer to a rechargeable reloadable prepaid card, with IBAN code, in the name of the beneficiary;
- Bank wire transfer to an account in the name of the beneficiary outside the SEPA area, with commissions fully borne by the beneficiary (commissions will be charged to the recipient).

Incompatibility with other grants

The grant is compatible with other financial grants that may be/have been obtained by the beneficiary, unless the incompatibility is attached to these stated for the other financial grants that the student may have been awarded. Students should check whether other grants they benefit are not compatible with the grant awarded by the Department of Statistical Sciences. In such a case, they should opt choose for one type of grant or the other.

Declining the grant or losing of the grant

Students who intend to decline the grant should send an e-mail to cdl.clamss@unibo.it stating their decision. If a student declines the grant, the grant it will be assigned to the next following student in the selection ranking, who is admitted with a score of minimum 70/100 points.
